### Patient Information:

Your Dentist has referred you to our periodontal specialty practice for examination and consultation.

Your first visit will take one hour and will include a review of your medical and dental history, thorough periodontal measurements, treatment consultation and financial estimate of proposed periodontal care.

Our practice is happy to submit electronic claims to all dental insurance companies to help optimize your reimbursement. Please bring insurance information to your appointment. Note that most of our procedures are outside of dental coverage allowances. Financial arrangements will be disclosed prior to treatment.

Thank you in advance for the opportunity to be a part of your dental team.  
We invite you to visit our website (www.pcperio.com) to complete your registration ahead of your initial appointment.

white - patient's copy to bring to Dr. Park for an initial exam
